About us....

Our camp is committed to a Christian environment. Our goal is to have students develop a deeper relationship with Jesus Christ through Bible teaching, music, worship and recreation.

Visitors are welcome for the evening services, but must register at the camp office with the appropriate camp official. This will be enforced by camp security. Our camps are open to all students regardless of religion, race, creed or national origin.

Your registration cost includes all regular meals, lodging, co-insurance, camp activities and transportation to and from activities during camp. Depending upon the camp you attend, there could be off campus activities including swimming. All camps are at Nipgen Camp Grounds on State Route 772. Mail is delivered to the campers each day. You may write to the address below:
